

2024 Community Impact Snapshot

For over 35 years Drew CDC has prepared the children of Watts-Willowbrook, Compton, and South Los Angeles to succeed and thereby strengthen our community. We believe there is no substitute for a child's safety, education, and emotional and physical health, and we are committed to transparency and accountability as we work to provide children with these essential supports. That's why each year we publish our *Impact Report* describing the outcomes of our programs and services. The *Impact Report* highlights how our organization's mission and values are manifested and measured through our work, reflecting the current collective successes of Drew CDC, our clients, and our supporters.
