INTRODUCTION

Since 1987, Drew Child Development Corporation has been serving the communities located within Ser-vice Planning Area 6 (“SPA 6”). This region encompasses the communities of Compton, Crenshaw, Florence, Lynwood, Paramount, Rosewood, West Adams, Willowbrook, Windsor Hills, and Watts. According to data from Women, Infant and Children (“WIC”, 2021), the SPA 6 is 51% Hispanic English, 33.1% His-panic-Spanish, 13.6% Black, .5% White, .3% Asian, and 1.3% Other.

When broken down by subregions, the demographics show slight differences. According to the Cen-sus Reporter (2021), the Central Los Angeles and Watts area consisted of a population of 159,616, which comprises an 8.6 square mile region. The median age range for this sector is 30.1 years, with 30% of the total population being under the age of 18 years. Demographically, this region consists of an almost even-balance of male and female, at 52% and 48%, respectively. Within this region 39,253 consist of families with an average of 4.1 persons per household. The median household income is \$47,585, which is in the lower one-third of the average income in California. In turn, the poverty rate is at 28%. The data further indicates 27.8% of all persons being in poverty with 38% of children un-der the age of 18 being in poverty.

In terms of educational attainment, approximately 53.9% graduate high school or attain higher levels of education. The current graduation rate in California is approximately 89%. In addition to high school completion, those who complete a bachelor’s degree is 8.1%. In terms of the racial and ethnic composition, the population is 82% Hispanic, 15% Black, 1% White and, 1% are Two or More Races. Essential to this data is the language spoken within the home. Based on a 5-year longitudinal study, it was identified that most of the homes within the region are Spanish speaking. Statistically, the results are almost the same for the Willow brook area, with a slight difference of Spanish speaking families that are at 78% for homes that are over the age of 18+. Similarly, Central Los Angeles and Watts communities demonstrate the home language of Spanish at 72% for families with children between 5-17 years and 74% for families 18+.

Finally, the Compton area demonstrates slightly different demographics with 69% Hispanic, 27% Black, 1% White, 1% Asian, 1% Other, and 1% of Two or More Races. The median income is \$62,050, with a poverty rate at 23% for children under 18 years. The average family size is at 3.2. For educational attainment, the high school graduation rate is 67.5% and bachelor’s degree attainment is 11.1% within the region. Similarly, the Spanish speaking families are slightly lower than the other regions, with Spanish-speaking families consisting of 65%-66%.

In totality, the data demonstrates not only the diversity of SPA6 by race, ethnicity, age, and educational attainment, but also the significant population that exists within the geographic locations. The services and programs provided by Drew CDC continues to strive to reach more students and families through its expanded services and aspirational goals.

Services and Programs

Drew CDC provides services to children and their families in many ways. Most important, it addresses systems that provide a wholistic approach to embrace the full family. Whether through the Center-based preschool or toddler program, mental health, or other services, this broad-based approach seeks to help provide the foundational support to strengthen the whole family. Each program provides specialized services that caters to the needs of the child family.

Center-Based Group Instruction

The Center-Based programs provide instruction to children from the ages of 18 months to 3 years of age. The programs are offered 3 days per week, for 3-hours per day. Children who participate in the programs receive group instruction with similar aged peers. Using the Creative Curriculum methodology, the children develop language, social, and problem-solving skills from teachers who are state certified.

Childcare Subsidy

Following the wholistic concept with supporting the child and family, the childcare subsidy program is a

unique service that provides a case manager to work with families to provide them safe and nurturing childcare for children up to age 12 and for exceptional needs and severely disabled children up to the ages of 18-21 years.

Mental Health

Drew CDC's mental health services are provided for low-income and Medi-Cal eligible families. Starting from birth up to the age twenty-one, these services assist with providing culturally sensitive services, mental health assessments and coping with emotional trauma. Supportive measures for families are provided through education, managing crises, and providing medication, if necessary. These services can be requested by parents/caregivers, school officials, Department of Children and Family Services, the Los Angeles Children's Department of Mental Health or through a treating physician.

Trauma-Informed Care

In partnership with the Child Care Alliance Los Angeles and the County's eight Resource and Referral agencies, the TIC training program leads and coordinates the trainings within the Bridge Program. The "train the trainer" design assists with preparing childcare providers, especially in the foster care system, with the knowledge and skills to support children who have experienced childhood trauma.

The insurance requirements for this AGREEMENT, including for coverage limits and additional insured, are described herein. CONSULTANT and its subconsultants, vendors, and subcontractors of all tiers (excluding providers of products or services classified as direct expenses in this AGREEMENT) (collectively referenced as "subconsultants" herein) shall carry and maintain all such insurance coverage

throughout the entire term of this AGREEMENT, except as may be specified elsewhere in this appendix. Requests for waivers to any of the insurance requirements set forth in this AGREEMENT with respect to the CONSULTANT or any subconsultant shall be submitted in writing to Drew CDC prior to the start of work or costs incurred by the CONSULTANT or such subconsultant. Drew CDC will review any insurance exception requests and may issue written approval of such waivers at its discretion. All policies will be issued by insurers with a current A.M. Best's rating of A or better, with a Financial Size Category of VIII or better. The insurance requirements as to the types of limits of insurance coverage, to be maintained by CONSULTANT and its subconsultants, are not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by CONSULTANT pursuant hereto, including, but not limited to, liability assumed pursuant to indemnification.

1. Commercial General Liability Insurance. CONSULTANT and each subconsultant shall carry and maintain occurrence-based Commercial General Liability Insurance and maintain aggregate limits of liability equal to or greater than the minimum coverage for such insurance shown in this appendix. Such insurance shall name Drew CDC and their respective officers, employees and agents, as additional insureds. The policy shall include an endorsement providing that such insurance is primary and non-contributory with respect to any insurance or self-insurance that is carried and maintained by Drew CDC or additional insured. Such insurance shall include, but shall not be limited to, (a) protection against claims arising from bodily and personal injury (including death resulting therefrom) and damage to property arising from work under this AGREEMENT performed by CONSULTANT or subconsultant, its agents, representatives, or employees, and (b) blanket contractual liability on all written contracts, including this AGREEMENT or the subcontract, as applicable.

2. Automobile Liability Insurance. CONSULTANT and each subconsultant shall carry and maintain occurrence-based Automobile Liability Insurance with limits equal to or greater than the minimum coverage for such insurance shown in this appendix for all automobiles owned, used or maintained by the CONSULTANT or subconsultant and its officers, agents and employees, including but not limited to owned, leased, non-owned and hired automobiles covering any auto. Such insurance shall name Drew CDC, and their respective officers, employees and agents, as additional insureds. The policy shall include an endorsement providing that such insurance is primary and non-contributory with respect to any insurance or self-insurance that is carried and maintained by Drew CDC or additional insured. Such automobile liability coverage may be, but is not required to be, provided as part of the commercial general liability insurance described above.

3. Professional Liability Insurance. CONSULTANT and each subconsultant performing professional services under this AGREEMENT shall carry and maintain Professional Liability Insurance for errors and omissions in an amount equal to or greater than the minimum coverage shown in this appendix. If such policy is written on a "Claims-Made" (rather than an "occurrence") basis, the insuring party shall maintain continuous coverage in effect for the term of this AGREEMENT and for at least three (3) years beyond the termination or completion of services or until expiration of any applicable statute of limitations, whichever is longer. As used in this Paragraph 4, "professional services" means design, engineering, planning, legal, information technology, and similar services requiring specialized skills, knowledge, or a professional license. Upon request, Drew CDC will advise as to whether any particular service hereunder represents professional services requiring such coverage.

4. Workers' Compensation Insurance. CONSULTANT and each subconsultant shall carry and maintain Workers' Compensation Insurance as required by California law, covering all work performed by CONSULTANT under the AGREEMENT, and all personnel performing services under the AGREEMENT. CONSULTANT and each subconsultant shall carry and maintain Employer's Liability Insurance in an amount equal to or greater than the minimum coverage shown in this appendix, and any and all other coverage of its employees as may be required by applicable law. Such policy shall contain a Waiver of Subrogation endorsement in favor of Drew CDC. Such Workers' Compensation Insurance and Employer's Liability Insurance may be waived, if, and only for as long as, CONSULTANT or subconsultant, as applicable is a sole proprietor with no employees.

5. Cyber and Privacy Insurance. If the applicable box is checked in the above table hereof,

this **Paragraph 7** shall apply to this AGREEMENT. CONSULTANT and any subconsultant handling Personally Identifiable Information (as defined herein) under this AGREEMENT shall maintain cyber risk coverages including network and internet security liability coverage, privacy liability coverage, first party privacy coverage, and media coverage. Such insurance shall include coverage for liability arising from theft, dissemination, and/or use of confidential information or information that can be linked to a specific individual, including but not limited to, bank and credit card account information or personal information, such as name, address, social security numbers, protected health information or other similar information (collectively, “Personally Identifiable Information”), stored or transmitted in electronic form. If such policy is written on a claims-made (rather than an occurrence) basis, CONSULTANT and such subconsultant shall maintain continuous coverage in effect for the term of this AGREEMENT and for at least one (1) year beyond the termination or completion of services.

6. Deductible. A deductible or self-insured retention is permissible on all policies, provided that such deductible shall not exceed the amount shown in this appendix. Further, if any insurance policy includes a self-insured retention, nothing shall prevent any of the parties to this AGREEMENT from satisfying or paying the self-insured retention. If any insurance policy states that the self-insured retention must be paid by a named insured as a precondition of the insurer’s liability (or which has the effect of providing that payments of the self-insured retention by others, including additional insureds or insurers, do not serve to satisfy the self-insured retention), such provisions must be modified by special endorsement so as to not apply to the additional insured coverage required by this AGREEMENT.

Proof of Insurance

(a) CONSULTANT’s Insurance. CONSULTANT shall provide insurance certificates and policy endorsements (collectively, “PROOF OF INSURANCE”) evidencing CONSULTANT’s policies described in this **Article I, Section E** to Drew CDC within ten (10) calendar days of the execution of this AGREEMENT. Neither CONSULTANT nor any of its subconsultants shall perform any work under this AGREEMENT prior to Drew CDC’s receipt of all required proof of insurance for CONSULTANT.

(b) Subconsultants’ Insurance. CONSULTANT shall provide PROOF OF INSURANCE with respect to professional liability coverage for each subconsultant required to carry such insurance under this AGREEMENT not less than ten (10) calendar days prior to any work being performed by such subconsultant. Notwithstanding the foregoing, CONSULTANT need not provide PROOF OF INSURANCE for any subconsultant(s) whose aggregate anticipated compensation under this AGREEMENT is less than the greater of (i) fifty thousand dollars (\$50,000) or (ii) five percent (5%) of the aggregate compensation payable hereunder.

(c) PROOF OF INSURANCE Standards. All PROOF OF INSURANCE shall provide for not less than thirty (30) calendar days’ prior written notice to Drew CDC of any cancellation, non-renewal or material change of coverage in the policy or policies, and shall further provide that Drew CDC will not be responsible for any premiums or assessments on any policy. At least five (5) business days prior to the expiration date of any policy of insurance carried by CONSULTANT or any subconsultant for which CONSULTANT must provide PROOF OF INSURANCE hereunder, CONSULTANT shall provide PROOF OF INSURANCE confirming that the policy has been extended or a replacement policy has been obtained. If any PROOF OF INSURANCE is not provided in a timely manner as provided in this **Paragraph 9**, Drew CDC shall withhold twenty-five percent (25%) of all payments made to CONSULTANT until such document(s) are provided to Drew CDC.

7. Maintenance of Insurance. If CONSULTANT fails to maintain all insurance required by this AGREEMENT, Drew CDC, at its option, may order the CONSULTANT to suspend work at CONSULTANT’s expense until such time as CONSULTANT provides PROOF OF INSURANCE to Drew CDC confirming that all required insurance policies are in effect. If any subconsultant fails to maintain the professional liability insurance required by this AGREEMENT, Drew CDC, at its option, may order the CONSULTANT to suspend work by said subconsultant at CONSULTANT’s expense until such time as CONSULTANT provides PROOF OF INSURANCE to Drew CDC as evidence that the subconsultant’s professional liability insurance policy is in effect.

8. Subconsultants' Insurance Requirements. The provisions of this appendix are applicable to all subconsultants hereunder, regardless of tier and subcontract amount. Except as provided in **Paragraph 9** above, CONSULTANT is solely responsible for ensuring that each subconsultant carries and maintains insurance which meets the above specifications, or confirming that each subconsultant has been added to the CONSULTANT's applicable policy as an additional name insured if said policy allows such addition, prior to such subconsultant performing any work under this AGREEMENT, and thereafter so long as such subconsultant is performing work under this AGREEMENT. Any failure to properly monitor all subconsultants' insurance coverage will constitute negligence on the part of CONSULTANT and subject to CONSULTANT's indemnity obligations pursuant to **Article I, Section D** of the AGREEMENT.
